

Missouri's Fastest Growing Occupations 2008-2010

Missouri is projected to have more than 155,000 job openings from 2008 to 2010. During this time, the 20 occupations with the fastest projected growth in the state include ten education-related occupations and three health care-related occupations. Home Health Aides are projected to grow the most rapidly, increasing by 6.95 percent from 2008 to 2010.

Nineteen of the 20 fastest growing occupations have a Grade A or B outlook in terms of having above average openings, growth and wages. Out of the top 20 fastest growing list, fifteen occupations are new to the top list, two of which are related to counseling services. (Missouri's top 20 fastest growing occupations were identified as those with the highest percent change from 2008-2010 with a minimum of ten Average Annual Openings.)

Career Grades are assigned by analyzing an occupation's percent change, total openings, and average wage relative to all other occupations in the state. An occupation's combination of scores on these three factors determines its grade.
